

## An Integrated System

In 1990, McVay Brothers was the first company in the Northwest to offer a fully integrated system with matching siding, soffit, fascia, trim wrap, and seamless steel rain gutter made from the same great materials.

Put our six decades of experience to work for you and let us help you design the perfect exterior for your home.

## The McVay Story

In 1955, Harry and Warren McVay purchased Spokane Valley Insulation and Roofing from their brother, Julian, and McVay Brothers was born. Since that time, tens of thousands of Inland Northwest area residents from places like Spokane, Colfax, Ritzville, Moscow, Sandpoint, Omak, and Cover d'Alene have chosen McVay Brothers to help improve their homes and businesses. Through it all, we've never lost sight of the fact that our customers are our life blood.

*Since 1955*

## *Our promise* Our Promise

At McVay Brothers we promise to take good care of you and your home. Our installers are part of our family. They are employees of McVay Brothers. We don't use subcontractors and we work hard to make sure our people are properly trained. If there are any bumps along the road to improving your home, we promise we will work hard to resolve them. After all, our best advertising is your satisfaction.

**That's why at McVay Brothers we are proud to say,**

**"We're working for you."**

**Let us put three generations of expertise to work for you and your family.**

## Seamless

McVay Brothers' Architectural Siding is seamless. Fiber cement, vinyl and wood sidings all come in set lengths that must be seamed together. McVay Brothers' Architectural Siding has no joints or splices. Each piece is run continuously on site to ensure that your home always has a clean neat look.

## Steel

Every McVay Brother's Architectural Siding is made from EDCO Products' 28 gauge solid core steel. At McVay Brothers, we have been installing steel siding since 1970. It has served us well making us the largest siding company in the Inland Northwest. With today's PVC and Entex finishes you can rest assured knowing that your siding is protected by the best finishes in the business.

29 Gauge Solid Steel Core

Timber-Grain Embossing

-  Akzo-Nobel® Rel-Shield 4® PVC Coating
-  Akzo-Nobel® Prime-A-Sol® Corrosion Resistant Primer
-  Bonderite 1402W Conversion Coat
-  Galvanized Coating
-  Corrosion Resistant Backer Coat

## Design Choices

With fifteen profiles including shake and vertical options and twenty-five colors, McVay Brothers gives you something most siding suppliers can only dream of, options. With an almost unlimited selection of combinations, your home will be customized to your tastes. At McVay Brothers, we make the siding to fit your home, we don't try and make you settle for something you don't want.

Hand formed window trim.

## Warranty

With ABC Seamless' unsurpassed lifetime warranty coverage, you can relax knowing your installation and your siding are covered for the long haul. The ABC Seamless warranty includes fade protection so you know your siding will look as good tomorrow as it does today. Ask your sales person for a copy of this warranty today.

Installed in 1991 and still looking great!
